Doing Business in the City of Sunrise**

April 21, 2003

The City of Sunrise has always required Fire Life Safety to be present when companies perform their annual Fire Alarm test. We are always willing to be there at whatever time is convenient for your customer.

It has recently been brought to my attention, as the Fire Marshal, that some companies have forgotten to notify this department. I am, therefore, requesting that all companies attempt to make a diligent effort to comply with this request. Thank you in advance for your cooperation.

Your in Fire Life Safety,

Dan Kelly
Fire Marshal, City of Sunrise
